

The Barn Audio/Video Information

Video Screen Package (TV Screens, Video Hookup / Streaming Hookup)	Starting at \$150.00 ***
Outside Power Hookup	Starting at \$15.00 ***
D.J. / Band Hookup	Starting at \$25.00 ***

A single karaoke style speaker is available for outside ceremonies. It comes with one wireless mic and mic stand. A mp3 player or laptop may be hooked up to this portable speaker. The Barn provides a headphone jack patch cord.

A mp3 player or laptop may be hooked up to the audio system inside The Barn. The Barn provides a headphone jack patch cord.

There are three TV screens on the main floor, a projector with screen on the main floor, a TV screen on the balcony, and one in the walk-out lower level. These screens may show the same information. The Barn provides standard VGA and HDMI cables. Any other adapters must be provided by the renter.

If using The Barn's Video System, please schedule a time to stop by The Barn the week before the Event to test the adapters and cables work with your devices, rather than leaving it to the day of the event, where adapters and cables may not match up or be available.

The Barn has limited WiFi. Please ask the day of event supervisor for the current password.

Please discuss all the audio/video options with The Barn Event Coordinator at least one week prior to your scheduled event.

⇒ Remember, to be in compliance with the Jefferson County Noise Ordinance, EMPRA's Staff will have complete control over the volume of any music or noise-making devices. If event proceeds past 10:00pm, all outside doors and windows must be closed.
